October 15, 1973

Gentlemen:

This January Salve Regina College is sponsoring a special lecture series on our country's Bicentennial. We're particularly excited about the program because we think it will bring our national heritage to life in terms of the real people and real issues involved.

We've prepared a poster explaining what the program is and how it works. We hope you'll read it and encourage your students to enroll in the program. Even more, we hope you'll hang the poster where students from your school can learn about this opportunity to rediscover their past.

We've also enclosed preregistration forms which we hope you'll keep on file and distribute to interested students. Deadline for preregistration is December 3, 1973.

The Bicentennial Education Program is a unique opportunity for students to take part in America. All of us here at Salve thank you for your cooperation in telling them about this exciting educational experience.

Sincerely,

Sister Ann Nelson, Ph.D.
